

## The Attractive TK-05 and TK-98

TK-05 with optional bottom display window and graphics

The TK-05 displays your publication nicely for customers, but still vends the paper from the proven front opening door. The display windows offers the opportunity to show multiple sections of your publications **at the same time**. The top display paper is easily loaded since the top hinges open. You can also choose the optional lower window to display a rack card.

## TK-98 Concourse

The popular TK-98 Concourse is versatile with many innovative options. The optional full length door, an armored attachment for enhanced security, a free publication display and the Concourse Curbside are available. It is also available in a modular set up.
