

Modular Magic Slims!

FROM THE FIELD....

48" Tall Slim racks for Hilo, Hawaii...all decked out with side panels & headers.

On the single wide rack, Hilo created a very interesting secondary signage area by inserting our 11 x 17 counter mat in the top area of the rack when small amounts of the papers are stacked.

Hilo makes total use of these racks by including additional shelves.

A double wide rack is easily created by bolting two single units together
